Summary

React Native Developer and Full-Stack Engineer with commercial experience building and maintaining cross-platform mobile applications using **React Native, Expo, TypeScript, and JavaScript**. Experienced across the mobile development lifecycle, from translating product designs and requirements into responsive interfaces to integrating APIs, implementing application architecture and state management, debugging production issues, and preparing applications for release.

Passionate about building maintainable software, solving complex technical problems, and collaborating within Agile teams to deliver reliable software products.

Skills

Languages

- JavaScript (ES6+)
- TypeScript
- HTML5
- CSS3
- Kotlin (foundational)
- Swift (foundational)

Frontend

- React Native
- React
- Expo
- Expo Router
- Redux Toolkit
- Tailwind CSS
- Android
- React.js
- HTML5
- Zod

Backend

- Node.js
- Express.js
- Rest APIs
- API Design & Integration

Databases

- MongoDB
- SQLite
- AsyncStorage

Tools & Technologies

- Git
- GitHub
- Postman
- Axios
- EAS Build
- VS Code
- Android Studio

Testing & Development

- Jest
- Debugging
- API Testing
- Error Handling
- Performance Optimization

Authentication

- JWT
- OAuth
- Google Sign-In
- Authorization

Testing & Debugging

- JWT
- Jest
- API
- Testing
- Error
- Handling
- Troubleshooting

Professional Experience

Full-Stack Developer

247Websolutions Ltd

July 2026 – Present

- Develop and maintain web and mobile applications using React Native, TypeScript, JavaScript, Node.js, and Express.js.
- Built and delivered two mobile applications, handling frontend development, backend APIs, and database integration.
- Integrate REST APIs, authentication, third-party services, and image upload functionality.
- Test, debug, and resolve frontend, backend, API, and performance issues.
- Prepare mobile applications for **Android deployment** and production releases.

React Native Developer

IBXPEERS Marketplace Ltd

August 2024 – October 2024

- Developed and maintained cross-platform mobile applications using React Native.
- Built reusable and scalable UI components to improve maintainability and development efficiency.
- Integrated REST APIs and implemented efficient data handling strategies.
- Collaborated with designers and backend developers to deliver responsive and user-friendly features.
- Optimized application performance and improved user experience across Android devices.
- Participated in debugging, testing, and deployment processes.

Mobile App Developer

Zenolynk Technology Limited

February 2023 – May 2023

- Contributed to the development and maintenance of the LagRide mobile application using React Native.
- Implemented reusable components and integrated backend APIs.

- Collaborated with cross-functional teams to deliver scalable and maintainable features.
- Participated in code reviews and ensured adherence to development best practices.

Projects

E-Commerce / Marketplace Mobile Application

React Native • TypeScript • Redux Toolkit • Node.js • Express.js • MongoDB • Cloudinary

- Developed a cross-platform marketplace application for browsing and managing product listings.
- Built features for product categories, listings, favorites, user accounts, and authentication.
- Integrated REST APIs between the React Native frontend and Node.js/Express backend.
- Implemented MongoDB models and API functionality for users, stores, categories, and listings.
- Integrated Cloudinary for image upload and media management.

Hotel Server REST API

Node.js • Express.js

- Designed and developed a RESTful backend API.
- Implemented routing, middleware, and structured project architecture.
- Built endpoints for CRUD operations and API integration.
- Followed best practices for error handling and maintainable code.

Educational Background

Bachelor of Science (B.Sc.) in Geophysics
University of Lagos

November 2016 - January 2024
Lagos, Nigeria

National Youth Service Corps (NYSC)
Status: Completed

Certification

TechCrush Mobile Development Certification

Mobile Application Development

FreeCodeCamp JavaScript Certification

JavaScript Algorithms and Data Structures

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Adaptability
- Attention to Detail
- Continuous Learning
